DAILY DEMOCRAT FORUM

(Successor to the Maryville Republican)

VOLUME 2. MARYVILLE, MISSOURI, TUESDAY, OCT. 17, 1911. NO. 116.

WHAT REUBEN SAYS

ABOUT THE STREET FAIR HELD HERE LAST WEEK.

COMPARED FAVORABLY

With Both of the Recent Celebrations in St. Joseph and Omaha, Writes Reuben.

Editor Democrat-Forum: Will you kindly allow an "outsider," an uninterested member of the plain, common people, to express their delight over the success of the street fair just past?

In the first place, we thing the people of Maryville owe to the street fair committee not only a vote of thanks, but medals innumerable (leather or otherwise), and we have no doubt the said committee are receiving the same by this time.

The street fair, as an autumn festival, was a crowd getter, and as an amusement distributor was a success from start to finish. We heard it compared favorably with both of the recent celebrations in St. Joseph and Omaha—with the reservation, of course, a few more people, a few more attractions, and so forth, especially the so forth, being conceded to the cities.

Cities are all right, and it's nice to be able to go and spend the day, but when it comes to a good old homecoming, visiting jollification, give us a town the size of Maryville. And from now on we hope we are going to be able to say a town like Maryville.

You will please excuse us for saying it, but there was a time, not very long ago, when Maryville was considered just a little bit "uppish"—"stiff" and stand-offish"—sort of a you-can-spend-your-money-with-us, but-we'd-just-a-little-bit-rather - not - associate-with-you feeling. All that was entirely done away with during the past week, and we hope it is gone forever.

Everybody had a smile and a glad hand for the stranger. In fact, there were no strangers. It was more like a great big happy family throng, all bent on forgetting the cares of life and enjoying themselves to the fullest extent.

Nothing could have been better than the big booths erected for the benefit of the visitors, and the W. O. W., Chinky-Chonky, and all the rest were duly appreciated and patronized.

One thing we were glad to note—there were no "private" booths, where the accidentally intruding visitor was politely requested to vacate.

We not only "live to learn," but we are learning to live, as we grow older.

We would like, Mr. Editor, to speak of all the good things we saw, but we know your space is limited, hence we will just comment on the auto parade, which was good, but should have been better patronized. Let us suggest for another time prizes for out-of-town machines, also for best group of machines from any one town outside of Maryville.

The auto is growing to be such a factor in the business world that it has ceased to be a toy to be decorated with flowers and made to look pretty. Interest the manufacturers and salesmen and let the display be for the machine itself.

The stock show was good, but in Northwest Missouri, one of the finest stock countries in the universe, there should have been more entries. However, what were displayed was of good quality, and we will hope for more in number next time.

The crowd of Thursday, despite the threatening weather, justified the committee in their belief that a public wedding would be a big attraction. Of course, we all know that "everybody loves a lover," consequently we were all there with the children to see the wedding. And it was a nice wedding—nobody went who wasn't invited, and no one was slighted because they didn't get an invitation, and no one took a present that didn't want to. Even the weather man was very much in evidence, and gently reminded the bridal couple that life is not all sunshine. However, the rain didn't hurt anyone, and since the drouth of the past summer, we believe the old time, worn saying, "happy is the bride that the sun shines on," should be forever stricken from the books, and in its place we would put, "happy is the bride and groom whom the rain falleth on," that saying from England, where there is eternal fog.

Everybody enjoyed Friday, as everybody is supposed to belong to one or more lodges, so, of course, the crowd was large, and every one was well pleased with himself and his own particular lodge. We wonder if the following is the motto of the Maryville Owls:

"A wise old owl sat on an oak;
The more he heard the less he spoke.
The less he spoke the more he heard;
Let's imitate that wise old bird."

And this was Friday, the 13th.

Saturday, the 14th! And what a day! People who never dreamed of going in the morning couldn't resist the temptation. The street fair microbe was busy all day, and by evening, to look at the crowd one couldn't help but wonder where did they all come from. Happy, laughing, jostling, curious, sight-seeing humanity. Where is there anything more interesting? And they were right royally entertained, from the time they arrived until they left of their own accord. They were not allowed a dull moment.

Of course, the best is always kept until the last, and without a doubt the best parade ever pulled off in Maryville was the children's parade of Saturday afternoon. No one except the committee in charge and the mothers of the little ones can have any idea of the work connected with such an undertaking. If we had had our way about it we would have given a ribbon to every one of them, from the fierce lion tamer to the tiny tot with the coxcomb cart.

But such is life. Some will win while others must lose. (We bought a paddle ourselves—and lost.)

The high dive was a "thriller." The Bickets were wonderful in their work. All of the entertainments were highly entertaining. Even the bands more than earned their money, which is something out of the ordinary.

Lots of funny things happened of course. Did you hear of the crowd that stood for half an hour waiting to hear the ladies' band play—and then discovered they were "just having their pictures taken?" Or of the pretty girl who walked off with the strange young man, thinking she had her own sweetheart by the arm? Or of the young man who auctioned off the white dog, and when the old lady bid it in, explained he was just practicing, so he could beat Rol Hosmer next year? And did you hear of the two pretty young ladies who took in the noisy north side attraction, simply because two such nice looking young doctors had charge of it? And then the boys who were having such a good time that they just couldn't leave and get their trains, and so didn't get home until some time next day. But what's the use of telling you any more about it. You know and everybody knows it was a rip roaring, good old howling success. And here's to the street fair committee. We take off our hats to you.

Barn Destroyed by Fire.

A loss of $4,000, with only $1,500 insurance to replace it, was entailed by a fire which destroyed the barn and silo of J. H. Caldwell, four miles north of Burlington Junction, Monday afternoon. The fire was discovered by Mrs. Caldwell about noon.

Mr. Caldwell is a raiser of thoroughbred horses and succeeded in saving all of his valuable animals that were in the barn at the time the fire broke out. The stock barn was valued at $3,600, contents about $300 and the silo at about $200.

Took an Appeal.

In the case tried Monday afternoon before 'Squire J. W. Morris, wherein Lewis Hammond was suing A. C. Ford for $25 damages to a wheat drill, the jury returned a verdict in favor of the defendant. Ellis G. Cook was the attorney for the plaintiff, and M. E. Ford for the defendant. An appeal was taken to the circuit court by the plaintiff.

Barber Shop Men Met.

The owners of the barber shops in Maryville held a meeting Monday evening in Friend's barber shop for the purpose of getting together on prices in barbering. As it is now there are four shops that have made a reduction in the prices of a hair cut and other barbering work, while the other four shops have maintained the same old rate. Nothing was done except that the meeting turned in to a great talking bee.

Mrs. Fletcher Irwin of LaGrange, Ill., arrived in Maryville Tuesday morning for a visit with her sister, Mrs. F. P. Robinson. Little Mildred Shannon of Bolckow came to Maryville Saturday to attend the children's carnival and visit her father, O. L. Shannon, with the Field-Lippman Piano company. She was accompanied home Monday evening by Mr. Shannon. Mr. Shannon's two little girls and 16-months-old twin sons make their home with Mr. Shannon's mother.

Married in Clerk's Office.

Mr. Artie Totten of Shenandoah, Ia., and Miss Ruth Lucile Jackson of Logan, Col., were united in marriage in the office of County Clerk George Demott at 4 o'clock Monday afternoon by 'Squire J. W. Morris. The court house officials and deputies were informed of the event shortly before it occurred, and in a very short time had transformed the county clerk's office into a bridal altar. Red and white streamers were drawn to the center of the room and fastened by a large red wedding bell, under which the couple stood while taking the marriage vow. A table was placed by the side of the bride, laden with red, white and yellow dahlias, and the bridal bouquet was gracefully presented to the bride by Miss Mabel Hunt, clerk of the probate court. Twenty-five self-invited guests witnessed the wedding of the young couple, who were nice looking and tastefully dressed.

Commenced Year's Study.

Notwithstanding the inclemency of the weather, almost the entire membership of the Shakespeare department of the Twentieth Century club was assembled at the opening hour at the suburban home of Mrs. G. B. Holmes to begin the year's study. Mrs. H. L. Raines, an associate member, Mrs. C. P. Luce, a retired member, and Mrs. M. A. Ummethum of Kansas City were the visitors for the afternoon. Mrs. D. J. Thomas graciously accepted her honors as president, and in a few happy and well chosen remarks convened the assembly, and announced the subject for study, Macbeth. After quotations from act 1, Miss Emma Lee Taylor, as leader for the afternoon, gave a most thorough and pleasing synopsis of act 1, and led in the questions on the lesson. Mrs. Anderson Craig, Mrs. O. C. Hanna, Mrs. G. B. Holmes, Mrs. J. F. Montgomery, Miss Donna Sisson and Mrs. M. G. Tate responded with short talks, showing much study and research. Miss Alma Nash gave a brain racking word drill, and Miss Della Grems made many a member wish she had read a little more particularly and remembered a little more correctly the happenings of the day. At the close of the program the hostess, feeling that the expending of so much brain energy might call for a little strengthening of the inner man (or woman), served the club with most delicious refreshments, and all felt the year's work was most encouragingly and auspiciously begun.

Married at St. Patrick's.

Miss Catherine O'Connor and Mr. J. Hermann Gebbeken of Burlington Junction were united in marriage at St. Patrick's Catholic church Tuesday morning at 8:15 o'clock, by Rev. Father Henry Niemann. The bride and groom were attended by Miss Mayme Linneman and Mr. J. Will Linneman. After the ceremony the bridal party went to the home of Mr. and Mrs. Will Linneman, 304 West Cooper street, where an elegant wedding dinner was served at 12 o'clock. The company included Mr. and Mrs. J. Herman Gebbeken, the bride and groom, and their relatives, Mr. and Mrs. J. Harry Gebbeken, who have been spending several months in Maryville; Mr. and Mrs. William Lippman and their daughter and sons, Miss Mayme Lippman, J. Will Lippman, Edward Lippman and Herman Lippman. The bride and groom will go to their home in Burlington Junction Wednesday morning. Mr. Gebbeken has been in the clothing business in that place for several years and is a good business man. Mrs. Gebbeken taught the fourth and fifth grades in the public schools of Burlington Junction for three years and a half. She is a graduate of the Maryville high school and the Northwest Normal and is quite literary in her tastes. When she was 8 years old she surprised her instructors and friends by memorizing and repeating intelligently the whole of Longfellow's Hiawatha. The bride has many friends in her former home in Maryville who wish her and her husband all the happiness and prosperity they anticipate.

Entertained Brothers and Sisters.

Mrs. Rebecca Gray entertained her brothers and sisters and their families with a duck roast Monday at her home, on South Main street. Their visit was unexpected, and in return for the happy surprise twelve ducks were killed instead of the fatted calf. Those present were Mr. and Mrs. John B. Swearengen of Omaha, Mr. and Mrs. W. M. Wright and daughter, Geraldine, of Blockton, Ia.; Mr. and Mrs. U. S. Wright and daughters, Misses Gertrude, Lola and Marie, and son, Master Simeon, of this city, and Mrs. Wright's mother, Mrs. M. Barkman and granddaughter, Opal Willhite of Parnell; Mr. and Mrs. Henry Wright and daughter, Lucile, of this city, and Mrs. Wright's mother, Mrs. Jameson of Grant City; also Mrs. Gray's daughter, Mrs. Jesse Douglas of Bedison, and her son, Edward Gray, and Messrs. Harry Lyle and Jesse E. Paulette. After dinner the hostess and her sister, Mrs. Swearengen, and her brothers, Messrs. W. M., H. E. and U. S. Wright, had their pictures taken in a group. It was the first time all had been together in a long time. Mr. and Mrs. W. M. Wright and daughter left for their home Tuesday, and Mr. and Mrs. Swearengen will return to their home Tuesday night. (Mr. Swearengen brought those wold ducks from Omaha, but he did not hunt them.)

As the bridge fund of the county is now in the red, the court cannot do as much in the matter of new bridges as they would like.

BASKET BALL GAMES

GIANTS AND DODGERS WERE VICTORIOUS MONDAY.

PLAYED AT THE NORMAL

Tournament Being Held, with Five Teams In—Dodgers Are in the Lead.

Standing of Teams.

	P.	W.	L.	Pr.ct
Dodgers	5	4	1	.800
Tigers	5	3	2	.600
Giants	5	2	3	.400
Athletics	3	1	2	.333
Dwarfs	4	1	3	.250

In a closely contested basket ball game the Giants trimmed the Dwarfs 11 to 9 at the Normal gymnasium Monday afternoon. The game was a tie affair, the third since the opening of the tournament, and the second in which the Giants have participated and won. After the injury of Daise the Dwarfs played with four men, and they put up a remarkable fight. The line-up:

Giants—Taylor, right forward; Price, left forward; V. Seymour, center; Hanna, right guard; McKee, left guard.

Dwarfs—Daise, right guard; Dunshee, left guard; McClintock, center; Shelters, right guard; Bright, left guard.

Summary—Field goals, Taylor 1, Price 1, Seymour 3, Daise 2, Dunshee 1, McClintock 1.

Free throws, Seymour 1, Daise 1.

The second game was disappointing, as the fans were expecting a very hotly contested game, since the Dodgers and Tigers were tied for the lead. However, the Dodgers won easily, 29 to 13. Ordinarily the teams would be quite evenly matched, but the dodgers got a fair lead at the start and a yellow streak was very evident in the Tigers, with the exception of Mitchell, who played his usual good game. All of the Dodgers' strength lies in Seymour. The big center plugged eight field goals and two free throws for a total of 18 points. Denny also surprised himself by throwing three field goals. The line-up:

Dodgers—Feris, right forward; Denny, left forward; H. Seymour, center; Parman, right guard; McGrew, left guard.

Tigers—Carpenter, right forward; Holmes, left forward; Mitchell, center; Scott, right guard; Miller, left guard.

Summary—Field goals, Carpenter 1, Mitchell 5, Feris 1, Denny 3, Seymour 8, McGrew 1.

Free throws, Seymour 2.

One point was awarded each team.

Bought Ream Home.

Warren L. Jones has purchased the residence of Dr. Robert Ream, corner Sixth and Buchanan streets, and will take possession in a few days. Dr. Ream and his mother left Monday morning for San Antonio, Texas, to spend the winter. They have not yet decided on a location. Paul Ream of Kansas City is looking after his brother's business affairs and storing the household goods. Dr. Ream's health demanded a change at this time. He and his mother spent last winter in San Antonio and were greatly benefitted there.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help.

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.

DANDRUFF AND ITCHING SCALP YIELD TO ZEMO TREATMENT

Why should you continue to experiment with salves, greasy lotions and fancy hair dressings trying to rid your scalp of germ life. They can't do it because they cannot penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it.

Why not try a proven remedy? One that will do this. We have a remedy that will rid the scalp of germ life and in this way will cure dandruff and itching scalp.

This remedy is Zemo, a clean, refined, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.

A shampoo with Zemo (antiseptic) Soap and one application of Zemo will entirely rid the scalp of dandruff and scurf. Do not hesitate, but get a bottle of Zemo today. It acts on a new principle and will do exactly what we claim for it.

Sold and endorsed in Maryville by the Charles Love drug store.

Women's Handsomely Tailored Fall Suits

WOMEN who admire correct style appreciate these suits we are showing. Every suit is vouched for by the foremost style originators. Though they are all stylish it does not follow that they are all made on similar lines. There are dozens and dozens of models entirely different—but all possess the style touches that are essential, and the variety is so great that every taste can be gratified.

Moderate prices are another prominent feature of our suits. We believe that here you get more value, at every price, than elsewhere. Proper methods of buying, modern methods of selling, and being in a position to make the most of both, gives us means to offer extraordinary values at all times.

Suits were never so much in demand as at the present time. Every competent style authority concedes this point. A glance at the meeting places of stylish women—in the style magazines—through the stores that are posted confirms this. You are sure of being correctly dressed if you wear one of our stylish suits.

We are showing now the most striking collection of suits that we have ever carried. There are many styles and hundreds of fabrics. The stocks are complete in every detail. Full assortments at these popular prices:

ENTIRE FAMILY KILLED WITH AX

The Bodies All Found Together in Bed Room.

MOTIVE FOR CRIME NOT ROBBERY

William Showman Was Working Man of Moderate Means and Was Not Known to Have Enemies.

Ellsworth, Kan., Oct. 17.—William Showman and his entire family, wife and three children, two girls and a boy, were murdered while they slept at their home here. The murderer used an ax and crushed the head of each. The bodies were found at 5 o'clock in the afternoon by Mrs. O. W. Snook, a neighbor. There is no clew to the murder. The Showmans were people in moderate circumstances and it is believed the motive could not have been robbery. It is not known that the man or his wife had any enemies.

The showman home is a small two-room cottage on the outskirts of Ellsworth and situated three or four hundred yards from the nearest neighboring house. Showman was employed as a machinist and chauffeur at an Ellsworth garage.

The bodies of the five victims were found in one room. All were in bed, the father, mother and baby in one bed, and the two other children in a second bed, which was in the room. There was blood on the walls, ceiling, floor, beds and every other article in the room. In this room also was the bloody ax which the murderer had used and which he had left.

All the members of the Showman family had spent the evening at the home of Mrs. Snook, a friend living several blocks distant. They left the Snook home about 9 o'clock. This was the last time any of them was seen alive, so far as has been learned.

It was Mrs. Snook, upon whom the family had called, who discovered the murder. Her knock was unanswered, so she opened the door and went into the house, entering the room in which the bodies lay. She quickly gave the alarm and the authorities were notified. It was then nearly dark and the officers were unable to find anything which would furnish a clew to the slayer or give any cause for the crime.

Showman's wages as chauffeur and mechanic at the garage were small. Consequently the authorities are greatly puzzled to conceive what could have been the motive for the crime.

Because of the 18 hours or more which probably elapsed between the time the crime was committed and the finding of the bodies, it is believed that the slayer had time to get a long distance away from Ellsworth, unless the crime were committed by someone living in the town.

SOCIALISTS GO INTO BUSINESS

Topeka, Oct. 17.—A co-operative store, to be operated upon the profit-sharing basis, is being planned for Topeka by the Independent Socialist league. The store will be opened before the first of November.

A weekly Socialist paper is another venture which the league will undertake. The editor will be Comrade Bush of Oakland. The paper will also be conducted on the co-operative plan. A voting contest will be instituted to select a suitable name for the paper.

Omaha, Oct. 17.—Reports from the post hospital at Fort Crook, where the most seriously injured in the wreck on the Missouri Pacific railway at this point are being cared for, are that all are doing well and no further fatalities are expected. The death list still stands at seven.

ROAD DEDICATION DATE SET

CENTRAL ROUTE OPENING TO BE OCTOBER 27-28.

No Further Postponement Probable for Missouri's Cross-State Highway Celebration.

Jefferson City, Oct. 17.—Weather permitting, the cross-state highway, known as the central route, will be officially opened October 27 and 28.

This was the result of a meeting held here between Governor Hadley, members of the state board of agricultural, the state highway engineer and some fifty representatives from the counties on the route.

There has been so much rain lately that members of the motor clubs in Kansas City and St. Louis feared to attempt the trip over the newly made roads. State Highway Engineer Hill advocated a postponement, as did also representatives from Boone County, who expect to entertain 10,000 visitors on the occasion.

Governor Hadley and a number of the representatives from Saline, Lafayette, Howard, Callaway and Cooper believed it would be a mistake to postpone the opening until next summer, when the state will be in the midst of a political campaign.

A plan suggested by Governor Hadley finally was adopted. The special committee having charge of arrangements will meet here next Monday and Tuesday and if the weather is good between now and then the celebration will be finally announced for October 27 and 28. Meantime, the people along the route will be asked to turn out all along the highway October 25 and 26 and put it in the best possible condition for the celebration. If the weather proves unfavorable the committee can then make such change in date as deemed best.

REBUILDING THE RIVER BARGES

Two Steamers to be Remodeled at Gasconade for Missouri River Navigation Co.

Gasconade Mo., Oct. 17.—The steel sidewheel steamers, Delaware and Chincoteague, are to be remodeled into barges for the Kansas City Missouri river Navigation company here this fall. The boats, which have been brought from Camden, N. J., by way of the Atlantic Ocean, the Gulf of Mexico and the Mississippi River, should reach here about Thursday. They are being brought up the river under their own steam, lashed together.

The government's winter quarters for Missouri River boats are at Gasconade. All the snagboats and levee building boats in use on this part of the river are kept here, so it is a handy place for remodeling work. The engines of the Delaware and Chincoteague can be utilized to furnish power for the machinery needed in building steel cargo houses on the remodeling barges. The work will probably be finished before severe winter weather.

L. Davenport, submitted to the Secretary of the Interior in his annual report made public.

Labor Statistics Not Favorable.

Albany, N. Y., Oct. 17.—Returns to the state bureau of labor statistics from 190 trade unions with 120,000 members as to idleness during the first half of the year 1911 reflect a less favorable condition of the labor market this year than last, or in fact than any other recent year except 1908.

GREAT CONGRESS OF DRY FARMERS

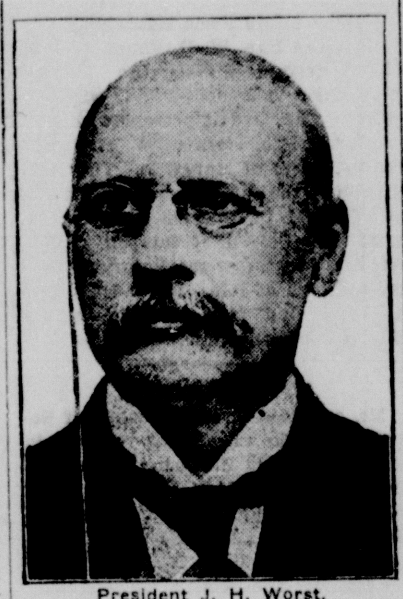
Sixth International Meet at Colorado Springs.

TO STUDY SCIENTIFIC FARMING

Five Large Convention Halls Necessary to Accommodate Various Divisions of International Body.

Colorado Springs, Colo., Oct. 17.—When Dr. J. H. Worst, head of the North Dakota Agricultural college, called to order the sixth International Dry Farming Congress, of which he is president, he faced a gathering of distinguished men, eminent agricultural authorities and practical farmers, so large as to assure the biggest meeting the congress ever has held.

There are in attendance seven governors of states, ten presidents of agricultural colleges, fifty professors of similar institutions, 50 members of the staff of the United States department of agriculture, a half hundred agricultural authorities from foreign countries, and more than 2,500 prominent farmers and business men, all of them intensely interested in the great problem of reclaiming the so-called arid districts of the world.



President J. H. Worst.

These delegates actually own and operate farms to the extent of nearly 6,000,000 of acres, and the problems they have met to consider are vital to 63 per cent of the American continent and to more than 50 per cent of the entire earth's surface.

Objects of the Congress.

The congress is a unique organization. Its avowed objects are the co-operative, scientific study of agriculture and the development of better farming methods in the sub-humid or so-called "dry" districts of the world. It has no country to colonize. It has no lands to sell. Its work is utterly impersonal, and, as such, it has been officially indorsed by the agricultural authorities of many countries.

The congress has grown so rapidly that its division into sections became a necessity several years ago. This year no less than five great convention halls have been secured to accommodate the various divisions. In addition to the parent congress there are now the International Congress of

Mrs. John T. Burns.

Farm Women, the International Conference of Agricultural Colleges and Experiment Stations, the Colorado Division of the American Breeders' association, and the Great Plains Co-Operative Experimental association, the last named being composed entirely of experimental and field men connected with the United States department of agriculture. Special sessions in each division will be held through the two days of the congress.

Congress of Farm Women.

The sessions of the International Congress of Farm Women will begin at once and promise to be as interesting as those of the men. The plan originated in the mind of Mrs. John T. Burns of Colorado Springs, whose husband is secretary-treasurer of the Dry Farming Congress and who has worked with him in directing the destinies of the men's organization for the last five years. Mrs. Burns saw that much is being done for the men folk on the farm; nothing for the women, whose needs are infinite because of the confinement of their lives.

The women's program includes frank discussions of proper equipment for the farm home, laws of physical life in relation to the family, the cash value of rest, labor saving devices, the economic value of the farm woman, the country church and the country school; together with demonstrations in cooking, home hygiene, emergency nursing, and the care of infants and young children. Men and women of international reputation are on the program, which has been prepared by Mrs. Burns, secretary of the new organization, assisted by a working committee of prominent Colorado women. A special section will be devoted to the women writers on farm newspapers, whose influence is the greatest single factor in the life of the American farm-woman.

The exposition of dry farming occupies two buildings and is divided into two sections, the machinery display and the products of the soil. Both of these have been extensively subscribed to by the farmers with the result that exhibits are made from every state west of the Missouri river, from several Canadian provinces and from half a dozen foreign countries.

STEPHENSON CHARGES MAY FAIL

Three Important Witnesses Named by Senator Blaine Deny Having Aided Candidate.

Milwaukee, Oct. 17.—The charges that bribery and corruption contributed to the election of United States Senator Isaac Stephenson were denied by three important witnesses before the senatorial investigating committee. Following a statement by Senator W. B. Heyburn, chairman of the committee, that "somebody must sustain the charges or they will fail," the witnesses, each of whom had been especially named in the charges submitted to the United States senate, declared they never had aided Senator Stephenson in the manner charged.

The witnesses, C. M. Hambright of Milwaukee, U. C. Keller of Baraboo, Wis., and E. M. Hyzer, general counsel of the Chicago & Northwestern railroad—had been named by J. J. Blaine, state senator, who started the investigation, as corruptly and unlawfully working for Senator Stephenson.

MOUNTAIN PARK STILL FIGHTS

County Seat of County Which Has Ceased to Exist, Refuses to Give Up Records.

Oklahoma City, Ok., Oct. 17.—Although the supreme court and federal court have decided that Swanson county is no longer in existence and William Brashears, who was sheriff of the new county in its brief existence has surrendered, a mass meeting was held at Mountain Park and the people of that town decided to resist and not give up the county records.

Brashears and three of his deputies are charged with the murder of Wyatt Staples, a farmhand, last fall, while the Swanson county war was going on. Brashears has heretofore resisted all efforts to arrest him and has been protected by the residents of Mountain Park, which was the county seat of Swanson county. Although he quit the fight, Mountain Park is still resisting and it may be necessary to send the militia there.

Life Terms for Lynchers.

Valentine, Neb., Oct. 17.—The four men, accused of lynching Charles P. Sellers, June 18, on a ranch near here, were sentenced to life imprisonment by Judge Westover. The prisoners, Harry Heath, Kenneth Murphy, Alma Weed and George Weed pleaded guilty to murder in the second degree. The judge ordered that Eunice Murphy, charged with being an accessory before the fact, be released from custody.

County Attorney Resigns.

Topeka, Oct. 17.—John Dawson, attorney general, has sent to E. E. Sapp, judge of the district court in Cherokee county, the resignation of A. L. Majors, county attorney of that county. Majors is the defendant in an ouster suit brought by the attorney general in the supreme court on the charge that Majors was derelict in enforcing the prohibitory law. The resignation becomes effective at once.

Four Aids for Capitol.

Jefferson City, Oct. 17.—J. W. McKarney, Kansas City; J. T. Woodruff, Springfield; M. F. Martin of Hannibal and C. D. Bradley, St. Louis, have been selected as experts to assist the capitol commissioners in ascertaining the value of one block and a half adjacent to the present capitol grounds. None of them have any interest in Jefferson City real estate.

Wichita Boy Dies of Burns.

Wichita, Kan., Oct. 17.—When nine-year-old Johnny Brown's mother stepped into his room to extinguish the coal oil lamp on a chair beside his bed, her footsteps awakened the child and he knocked over the lamp. The boy was burned so severely that he died. Both parents were painfully burned trying to save the lad.

Pratt Hatchery Plans Ready.

Topeka, Oct. 17.—The plans drawn for the improvements at the state fish hatchery at Pratt were approved by Prof. L. L. Dyche, state fish and game warden. The entire improvement will cost more than $60,000 and make the Kansas hatchery one of the best in the country.

LAXATIVE SENT FREE TO TRY

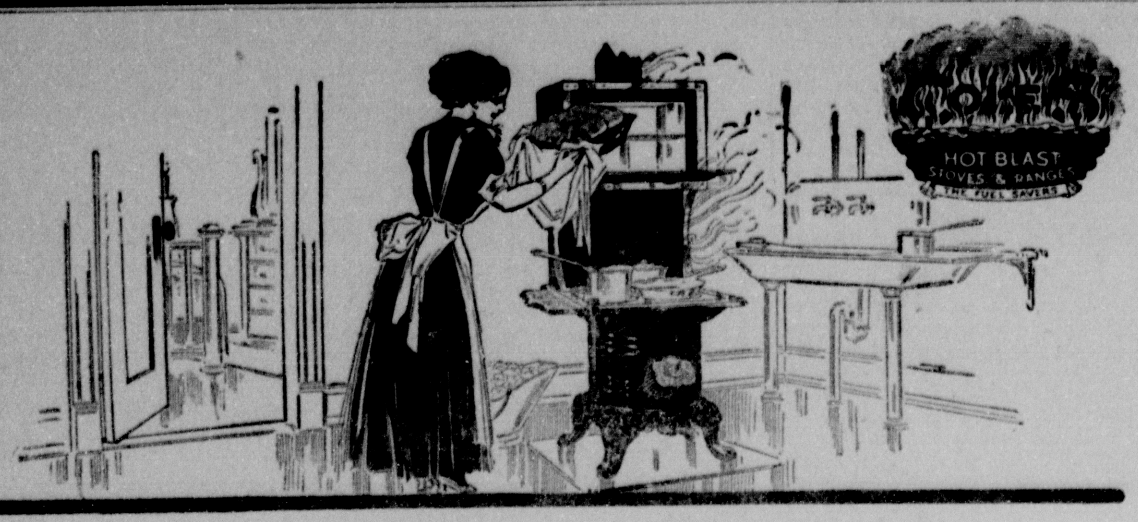
It may be taken for granted that there is no family that does not sometime need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative-tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.



No Stooping While Baking With
Cole's Sanitary High Oven

Think of the advantages this Elevated Oven affords as compared to the old-fashioned cook stove or cast iron range.

The oven is on a level with the shoulders—so you have no lifting, no stooping, no steam or odors to inhale when baking in Cole's High Oven Range. You can operate the oven in a comfortable, erect position.

The natural course of heat is to rise. We have taken advantage of this and have placed the oven high instead of down low.

The heat rises around all four sides of the oven evenly. All sides are heated alike. Your baking will not be over-baked on one side and half-baked on the other. The temperature of the oven can be changed in less than a minute, yet you can keep it the same for over two hours on one charge of fuel—so perfect is the fuel combustion.

Every atom of heat is utilized, due to our patented Hot Blast Combustion (which burns the wasting gases) and to the patented air-tight construction, giving a great saving in fuel.

Cole's High Oven Range

equals the work of ranges which cost twice as much. This New Improved Cooker and Baker is a money saver for you to use. It will save fuel and will lessen your work—you have only one fire to give attention, 2 drafts to regulate, no dampers—it's simply a wonder. Let us show you its many good features which were made to please particular housewives.

Left $100,000 to Church.

In the will of Mrs. Mary Atkins, which was filed in Kansas City Monday, she leaves $100,000 bequest to the Linwood Boulevard Christian church of Kansas City, of which Rev. Burris A. Jenkins is the pastor. Rev. Jenkins is well known in Maryville, as his father, Andrew T. Jenkins, formerly resided here. Beside this large bequest, $300,000 was given to the art museum at Kansas City. Mr. Jenkins is an uncle of George B. Baker of this city.

In speaking of the bequest of $300,000 that was left to the art museum of Kansas City, the Times of that city had the following about F. J. Zimmerer, formerly of the Normal:

Perhaps the most delighted and surprised man in the city over the terms of Mrs. Atkins' will is Frank J. Zimmerer, the new director of the art institute.

"There is no limit to the contribution such a museum can make to the life of Kansas City," he said. "It is difficult to conceive how Mrs. Atkins could have planned a bequest that would give so much pleasure and instruction to the whole city. We have needed just this impetus. We have an enthusiastic school here and more than half of our enrollment comes from out of the city. Kansas City will become an art center. Our city now has enough wealth with its resultant leisure, to turn its attention to art and music and we cannot build a truly great city without them."

Visitors From Kansas.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are 50, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Mrs. Robert Corken and children of Burlington Junction were guests of Mrs. Corken's parents, Mr. and Mrs. George Null, for the children's carnival.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby of Marengo, Wis. (R. No. 1), prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price, 50c and $1.00. Trial bottle free. Guaranteed by the Orear-Henry Drug Co.

Mr. and Mrs. Claude Roelofson and their little adopted son were week-end guests of friends and relatives in Maryville.

DAILY DEMOCRAT FORUM

(Successor to the Maryville Republican)

VOLUME 2. MARYVILLE, MISSOURI, TUESDAY, OCT. 17, 1911. NO. 116.

WHAT REUBEN SAYS

ABOUT THE STREET FAIR HELD HERE LAST WEEK.

COMPARED FAVORABLY

With Both of the Recent Celebrations in St. Joseph and Omaha, Writes Reuben.

Editor Democrat-Forum: Will you kindly allow an "outsider," an uninterested member of the plain, common people, to express their delight over the success of the street fair just past?

In the first place, we thing the people of Maryville owe to the street fair committee not only a vote of thanks, but medals innumerable (leather or otherwise), and we have no doubt the said committee are receiving the same by this time.

The street fair, as an autumn festival, was a crowd getter, and as an amusement distributor was a success from start to finish. We heard it compared favorably with both of the recent celebrations in St. Joseph and Omaha—with the reservation, of course, a few more people, a few more attractions, and so forth, especially the so forth, being conceded to the cities.

Cities are all right, and it's nice to be able to go and spend the day, but when it comes to a good old home-coming, visiting jollification, give us a town the size of Maryville. And from now on we hope we are going to be able to say a town like Maryville.

You will please excuse us for saying it, but there was a time, not very long ago, when Maryville was considered just a little bit "uppish"—"stiff" and stand-offish"—sort of a you-can-spend-your-money-with-us, but-we'd-just-a-little-bit-rather-not-associate-with-you feeling. All that was entirely done away with during the past week, and we hope it is gone forever.

Everybody had a smile and a glad hand for the stranger. In fact, there were no strangers. It was more like a great big happy family throng, all bent on forgetting the cares of life and enjoying themselves to the fullest extent.

Nothing could have been better than the big booths erected for the benefit of the visitors, and the W. O. W., Chinky-Chonky, and all the rest were duly appreciated and patronized.

One thing we were glad to note—there were no "private" booths, where the accidentally intruding visitor was politely requested to vacate.

We not only "live to learn," but we are learning to live, as we grow older.

We would like, Mr. Editor, to speak of all the good things we saw, but we know your space is limited, hence we will just comment on the auto parade, which was good, but should have been better patronized. Let us suggest for another time prizes for out-of-town machines, also for best group of machines from any one town outside of Maryville.

The auto is growing to be such a factor in the business world that it has ceased to be a toy to be decorated with flowers and made to look pretty. Interest the manufacturers and salesmen and let the display be for the machine itself.

The stock show was good, but in Northwest Missouri, one of the finest stock countries in the universe, there should have been more entries. However, what were displayed was of good quality, and we will hope for more in number next time.

The crowd of Thursday, despite the threatening weather, justified the committee in their belief that a public wedding would be a big attraction. Of course, we all know that "everybody loves a lover," consequently we were all there with the children to see the wedding. And it was a nice wedding—nobody went who wasn't invited, and no one was slighted because they didn't get an invitation, and no one took a present that didn't want to. Even the weather man was very much in evidence, and gently reminded the bridal couple that life is not all sunshine. However, the rain didn't hurt anyone, and since the drouth of the past summer, we believe the old time, worn saying, "happy is the bride that the sun shines on," should be forever stricken from the books, and in its place we would put, "happy is the bride and groom whom the rain falleth on," that saying from England, where there is eternal fog.

Everybody enjoyed Friday, as everybody is supposed to belong to one or more lodges, so, of course, the crowd was large, and every one was well pleased with himself and his own particular lodge. We wonder if the following is the motto of the Maryville Owls:

"A wise old owl sat on an oak;
The more he heard the less he spoke.
The less he spoke the more he heard;
Let's imitate that wise old bird."

And this was Friday, the 13th.

Saturday, the 14th! And what a day! People who never dreamed of going in the morning couldn't resist the temptation. The street fair microbe was busy all day, and by evening, to look at the crowd one couldn't help but wonder where did they all come from. Happy, laughing, jostling, curious, sight-seeing humanity. Where is there anything more interesting? And they were right royally entertained, from the time they arrived until they left of their own accord. They were not allowed a dull moment.

Of course, the best is always kept until the last, and without a doubt the best parade ever pulled off in Maryville was the children's parade of Saturday afternoon. No one except the committee in charge and the mothers of the little ones can have any idea of the work connected with such an undertaking. If we had had our way about it we would have given a ribbon to every one of them, from the fierce lion tamer to the tiny tot with the coxcomb cart.

But such is life. Some will win while others must lose. (We bought a paddle ourselves—and lost.)

The high dive was a "thriller." The Bickets were wonderful in their work. All of the entertainments were highly entertaining. Even the bands more than earned their money, which is something out of the ordinary.

Lots of funny things happened of course. Did you hear of the crowd that stood for half an hour waiting to hear the ladies' band play—and then discovered they were "just having their pictures taken?" Or of the pretty girl who walked off with the strange young man, thinking she had her own sweetheart by the arm? Or of the young man who auctioned off the white dog, and when the old lady bid it in, explained he was just practicing, so he could beat Rol Hosmer next year? And did you hear of the two pretty young ladies who took in the noisy north side attraction, simply because two such nice looking young doctors had charge of it? And then the boys who were having such a good time that they just couldn't leave and get their trains, and so didn't get home until some time next day. But what's the use of telling you any more about it. You know and everybody knows it was a rip roaring, good old howling success. And here's to the street fair committee. We take off our hats to you.

Barn Destroyed by Fire.

A loss of $4,000, with only $1,500 insurance to replace it, was entailed by a fire which destroyed the barn and silo of J. H. Caldwell, four miles north of Burlington Junction, Monday afternoon. The fire was discovered by Mrs. Caldwell about noon.

Mr. Caldwell is a raiser of thoroughbred horses and succeeded in saving all of his valuable animals that were in the barn at the time the fire broke out. The stock barn was valued at $3,600, contents about $300 and the silo at about $200.

Took an Appeal.

In the case tried Monday afternoon before 'Squire J. W. Morris, wherein Lewis Hammond was suing A. C. Ford for $25 damages to a wheat drill, the jury returned a verdict in favor of the defendant. Ellis G. Cook was the attorney for the plaintiff, and M. E. Ford for the defendant. An appeal was taken to the circuit court by the plaintiff.

Barber Shop Men Met.

The owners of the barber shops in Maryville held a meeting Monday evening in Friend's barber shop for the purpose of getting together on prices in barbering. As it is now there are four shops that have made a reduction in the prices of a hair cut and other barbering work, while the other four shops have maintained the same old rate. Nothing was done except that the meeting turned in to a great talking bee.

Mrs. Fletcher Irwin of LaGrange, Ill., arrived in Maryville Tuesday morning for a visit with her sister, Mrs. F. P. Robinson. She was accompanied home Monday evening by Mr. Shannon. Mr. Shannon's two little girls and 16-months-old twin sons make their home with Mr. Shannon's mother.

The ladies of St. Patrick's parish will give their annual bazaar in the church hall on Wednesday and Thursday, October 25 and 26. Dinner and supper will be served on both days. The ladies have made extensive arrangements for the coming event.

Married in Clerk's Office.

Mr. Artie Totten of Shenandoah, Ia., and Miss Ruth Lucile Jackson of Logan, Col., were united in marriage in the office of County Clerk George Demott at 4 o'clock Monday afternoon by 'Squire J. W. Morris. The court house officials and deputies were informed of the event shortly before it occurred, and in a very short time had transformed the county clerk's office into a bridal altar. Red and white streamers were drawn to the center of the room and fastened by a large red wedding bell, under which the couple stood while taking the marriage vow. A table was placed by the side of the bride, laden with red, white and yellow dahlias, and the bridal bouquet was gracefully presented to the bride by Miss Mabel Hunt, clerk of the probate court. Twenty-five self-invited guests witnessed the wedding of the young couple, who were nice looking and tastefully dressed.

Commenced Year's Study.

Notwithstanding the inclemency of the weather, almost the entire membership of the Shakespeare department of the Twentieth Century club was assembled at the opening hour at the suburban home of Mrs. G. B. Holmes to begin the year's study. Mrs. H. L. Raines, an associate member, Mrs. C. P. Luce, a retired member, and Mrs. M. A. Ummethum of Kansas City were the visitors for the afternoon. Mrs. D. J. Thomas graciously accepted her honors as president, and in a few happy and well chosen remarks convened the assembly, and announced the subject for study, Macbeth. After quotations from act 1, Miss Emma Lee Taylor, as leader for the afternoon, gave a most thorough and pleasing synopsis of act 1, and led in the questions on the lesson. Mrs. Anderson Craig, Mrs. O. C. Hanna, Mrs. G. B. Holmes, Mrs. J. F. Montgomery, Miss Donna Sisson and Mrs. M. G. Tate responded with short talks, showing much study and research. Miss Alma Nash gave a brain racking word drill, and Miss Della Grems made many a member wish she had read a little more particularly and remembered a little more correctly the happenings of the day. At the close of the program the hostess, feeling that the expending of so much brain energy might call for a little strengthening of the inner man (or woman), served the club with most delicious refreshments, and all felt the year's work was most encouragingly and auspiciously begun.

Married at St. Patrick's.

Miss Catherine O'Connor and Mr. J. Hermann Gebbeken of Burlington Junction were united in marriage at St. Patrick's Catholic church Tuesday morning at 8:15 o'clock, by Rev. Father Henry Niemann. The bride and groom were attended by Miss Mayme Linneman and Mr. J. Will Linneman. After the ceremony the bridal party went to the home of Mr. and Mrs. Will Linneman, 304 West Cooper street, where an elegant wedding dinner was served at 12 o'clock. The company included Mr. and Mrs. J. Herman Gebbeken, the bride and groom, and their relatives, Mr. and Mrs. J. Harry Gebbeken, who have been spending several months in Maryville; Mr. and Mrs. William Lippman and their daughter and sons, Miss Mayme Lippman, J. Will Lippman, Edward Lippman and Herman Lippman. The bride and groom will go to their home in Burlington Junction Wednesday morning. Mr. Gebbeken has been in the clothing business in that place for several years and is a good business man. Mrs. Gebbeken taught the fourth and fifth grades in the public schools of Burlington Junction for three years and a half. She is a graduate of the Maryville high school and the Northwest Normal and is quite literary in her tastes. When she was 8 years old she surprised her instructors and friends by memorizing and repeating intelligently the whole of Longfellow's Hiawatha. The bride has many friends in her former home in Maryville who wish her and her husband all the happiness and prosperity they anticipate.

Entertained Brothers and Sisters.

Mrs. Rebecca Gray entertained her brothers and sisters and their families with a duck roast Monday at her home, on South Main street. Their visit was unexpected, and in return for the happy surprise twelve ducks were killed instead of the fatted calf. Those present were Mr. and Mrs. John B. Swearengen of Omaha, Mr. and Mrs. W. M. Wright and daughter, Geraldine, of Blockton, Ia.; Mr. and Mrs. U. S. Wright and daughters, Misses Gertrude, Lola and Marie, and son, Master Simeon, of this city, and Mrs. Wright's mother, Mrs. M. Barkman and granddaughter, Opal Willhite of Parnell; Mr. and Mrs. Henry Wright and daughter, Lucile, of this city, and Mrs. Wright's mother, Mrs. Jameson of Grant City; also Mrs. Gray's daughter, Mrs. Jesse Douglas of Bedison, and her son, Edward Gray, and Messrs. Harry Lyle and Jesse E. Paulette. After dinner the hostess and her sister, Mrs. Swearengen, and her brothers, Messrs. W. M., H. E. and U. S. Wright, had their pictures taken in a group. It was the first time all had been together in a long time. Mr. and Mrs. W. M. Wright and daughter left for their home Tuesday, and Mr. and Mrs. Swearengen will return to their home Tuesday night. (Mr. Swearengen brought those wold ducks from Omaha, but he did not hunt them.)

A session of the county court has been called for Friday, October 20, for the purpose of considering the repairing of the damage done bridges by the recent rains. A large number of bridges were washed out and badly damaged by the rain of last week in the Quitman vicinity. Also in other parts of the county new bridges are badly needed.

As the bridge fund of the county is now in the red, the court cannot do as much in the matter of new bridges as they would like.

BASKET BALL GAMES

GIANTS AND DODGERS WERE VICTORIOUS MONDAY.

PLAYED AT THE NORMAL

Tournament Being Held, with Five Teams In—Dodgers Are in the Lead.

Standing of Teams.

	P.	W.	L.	Pr.ct
Dodgers	5	4	1	800
Tigers	5	3	2	600
Giants	5	2	3	400
Athletics	3	1	2	333
Dwarfs	4	1	3	250

In a closely contested basket ball game the Giants trimmed the Dwarfs 11 to 9 at the Normal gymnasium Monday afternoon. The game was a tie affair, the third since the opening of the tournament, and the second in which the Giants have participated and won. After the injury of Daise the Dwarfs played with four men, and they put up a remarkable fight. The line-up:

Giants—Taylor, right forward; Price, left forward; V. Seymour, center; Hanna, right guard; McKee, left guard.

Dwarfs—Daise, right guard; Dunshee, left guard; McClintock, center; Shelters, right guard; Bright, left guard.

Summary—Field goals, Taylor 1, Price 1, Seymour 3, Daise 2, Dunshee 1, McClintock 1.

Free throws, Seymour 1, Daise 1.

The second game was disappointing, as the fans were expecting a very hotly contested game, since the Dodgers and Tigers were tied for the lead. However, the Dodgers won easily, 29 to 13. Ordinarily the teams would be quite evenly matched, but the dodgers got a fair lead at the start and a yellow streak was very evident in the Tigers, with the exception of Mitchell, who played his usual good game. All of the Dodgers' strength lies in Seymour. The big center plugged eight field goals and two free throws for a total of 18 points. Denny also surprised himself by throwing three field goals. The line-up:

Dodgers—Feris, right forward; Denny, left forward; H. Seymour, center; Parman, right guard; McGrew, left guard.

Tigers—Carpenter, right forward; Holmes, left forward; Mitchell, center; Scott, right guard; Miller, left guard.

Summary—Field goals, Carpenter 1, Mitchell 5, Feris 1, Denny 3, Seymour 8, McGrew 1.

Free throws, Seymour 2.

One point was awarded each team.

Bought Ream Home.

Warren L. Jones has purchased the residence of Dr. Robert Ream, corner Sixth and Buchanan streets, and will take possession in a few days. Dr. Ream and his mother left Monday morning for San Antonio, Texas, to spend the winter. They have not yet decided on a location. Paul Ream of Kansas City is looking after his brother's business affairs and storing the household goods. Dr. Ream's health demanded a change at this time. He and his mother spent last winter in San Antonio and were greatly benefitted there.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help.

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui.

DANDRUFF AND ITCHING SCALP YIELD TO ZEMO TREATMENT

Why should you continue to experiment with salves, greasy lotions and fancy hair dressings trying to rid your scalp of germ life. They can't do it because they cannot penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it.

Why not try a proven remedy? One that will do this. We have a remedy that will rid the scalp of germ life and in this way will cure dandruff and itching scalp.

This remedy is Zemo, a clean, refined, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.

A shampoo with Zemo (antiseptic) Soap and one application of Zemo will entirely rid the scalp of dandruff and scurf. Do not hesitate, but get a bottle of Zemo today. It acts on a new principle and will do exactly what we claim for it.

ENTIRE FAMILY KILLED WITH AX

The Bodies All Found Together in Bed Room.

MOTIVE FOR CRIME NOT ROBBERY

William Showman Was Working Man of Moderate Means and Was Not Known to Have Enemies.

Ellsworth, Kan., Oct. 17.—William Showman and his entire family, wife and three children, two girls and a boy, were murdered while they slept at their home here. The murderer used an ax and crushed the head of each. The bodies were found at 5 o'clock in the afternoon by Mrs. O. W. Snook, a neighbor. There is no clew to the murder. The Showmans were people in moderate circumstances and it is believed the motive could not have been robbery. It is not known that the man or his wife had any enemies.

The showman home is a small two-room cottage on the outskirts of Ellsworth and situated three or four hundred yards from the nearest neighboring house. Showman was employed as a machinist and chauffeur at an Ellsworth garage.

The bodies of the five victims were found in one room. All were in bed, the father, mother and baby in one bed, and the two other children in a second bed, which was in the room. There was blood on the walls, ceiling, floor, beds and every other article in the room. In this room also was the bloody ax which the murderer had used and which he had left.

All the members of the Showman family had spent the evening at the home of Mrs. Snook, a friend living several blocks distant. They left the Snook home about 9 o'clock. This was the last time any of them was seen alive, so far as has been learned.

It was Mrs. Snook, upon whom the family had called, who discovered the murder. Her knock was unanswered, so she opened the door and went into the house, entering the room in which the bodies lay. She quickly gave the alarm and the authorities were notified. It was then nearly dark and the officers were unable to find anything which would furnish a clew to the slayer or give any cause for the crime.

Showman's wages as chauffeur and mechanic at the garage were small. Consequently the authorities are greatly puzzled to conceive what could have been the motive for the crime.

Because of the 18 hours or more which probably elapsed between the time the crime was committed and the finding of the bodies, it is believed that the slayer had time to get a long distance away from Ellsworth, unless the crime were committed by someone living in the town.

The store will be opened before the first of November.

A weekly Socialist paper is another venture which the league will undertake. The editor will be Comrade Bush of Oakland. The paper will also be conducted on the co-operative plan. A voting contest will be instituted to select a suitable name for the paper.

ROAD DEDICATION DATE SET

CENTRAL ROUTE OPENING TO BE OCTOBER 27-28.

No Further Postponement Probable for Missouri's Cross-State Highway Celebration.

Jefferson City, Oct. 17.—Weather permitting, the cross-state highway, known as the central route, will be officially opened October 27 and 28.

This was the result of a meeting held here between Governor Hadley, members of the state board of agricultural, the state highway engineer and some fifty representatives from the counties on the route.

There has been so much rain lately that members of the motor clubs in Kansas City and St. Louis feared to attempt the trip over the newly made roads. State Highway Engineer Hill advocated a postponement, as did also representatives from Boone County, who expect to entertain 10,000 visitors on the occasion.

Governor Hadley and a number of the representatives from Saline, Lafayette, Howard, Callaway and Cooper believed it would be a mistake to postpone the opening until next summer, when the state will be in the midst of a political campaign.

A plan suggested by Governor Hadley finally was adopted. The special committee having charge of arrangements will meet here next Monday and Tuesday and if the weather is good between now and then the celebration will be finally announced for October 27 and 28. Meantime, the people along the route will be asked to turn out all along the highway October 25 and 26 and put it in the best possible condition for the celebration. If the weather proves unfavorable the committee can then make such change in date as deemed best.

REBUILDING THE RIVER BARGES

Two Steamers to be Remodeled at Gasconade for Missouri River Navigation Co.

Gasconade Mo., Oct. 17.—The steel sidewheel steamers, Delaware and Chincoteague, are to be remodeled into barges for the Kansas City Missouri river Navigation company here this fall. The boats, which have been brought from Camden, N. J., by way of the Atlantic Ocean, the Gulf of Mexico and the Mississippi River, should reach here about Thursday. They are being brought up the river under their own steam, lashed together.

The government's winter quarters for Missouri River boats are at Gasconade. All the snagboats and levee building boats in use on this part of the river are kept here, so it is a handy place for remodeling work. The engines of the Delaware and Chincoteague can be utilized to furnish power for the machinery needed in building steel cargo houses on the remodeling barges. The work will probably be finished before severe winter weather.

GREAT CONGRESS OF DRY FARMERS

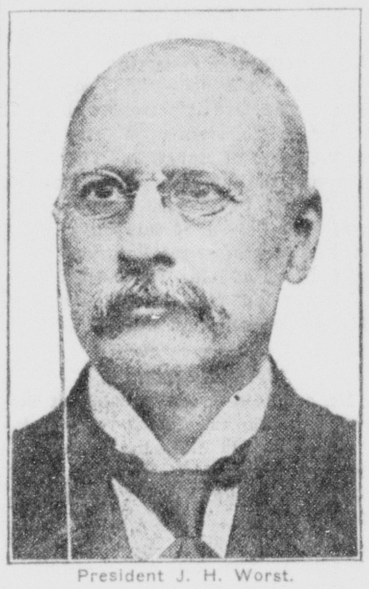
Sixth International Meet at Colorado Springs.

TO STUDY SCIENTIFIC FARMING

Five Large Convention Halls Necessary to Accommodate Various Divisions of International Body.

Colorado Springs, Colo., Oct. 17.—When Dr. J. H. Worst, head of the North Dakota Agricultural college, called to order the sixth International Dry Farming Congress, of which he is president, he faced a gathering of distinguished men, eminent agricultural authorities and practical farmers, so large as to assure the biggest meeting the congress ever has held.

There are in attendance seven governors of states, ten presidents of agricultural colleges, fifty professors of similar institutions, 50 members of the staff of the United States department of agriculture, a half hundred agricultural authorities from foreign countries, and more than 2,500 prominent farmers and business men, all of them intensely interested in the great problem of reclaiming the so-called arid districts of the world.



President J. H. Worst.

These delegates actually own and operate farms to the extent of nearly 6,000,000 of acres, and the problems they have met to consider are vital to 63 per cent of the American continent and to more than 50 per cent of the entire earth's surface.

Objects of the Congress.

The congress is a unique organization. Its avowed objects are the co-operative, scientific study of agriculture and the development of better farming methods in the sub-humid or so-called "dry" districts of the world. It has no country to colonize. It has no lands to sell. Its work is utterly impersonal, and, as such, it has been officially indorsed by the agricultural authorities of many countries.

The congress has grown so rapidly that its division into sections became a necessity several years ago. This year no less than five great convention halls have been secured to accommodate the various divisions. In addition to the parent congress there are now the International Congress of

Mrs. John T. Burns.

Farm Women, the International Conference of Agricultural Colleges and Experiment Stations, the Colorado Division of the American Breeders' association, and the Great Plains Co-Operative Experimental association, the last named being composed entirely of experimental and field men connected with the United States department of agriculture. Special sessions in each division will be held through the two days of the congress.

Congress of Farm Women.

The sessions of the International Congress of Farm Women will begin at once and promise to be as interesting as those of the men. The plan originated in the mind of Mrs. John T. Burns of Colorado Springs, whose husband is secretary-treasurer of the Dry Farming Congress and who has worked with him in directing the destinies of the men's organization for the last five years. Mrs. Burns saw that much is being done for the men folk on the farm; nothing for the women, whose needs are infinite because of the confinement of their lives.

The women's program includes frank discussions of proper equipment for the farm home, laws of physical life in relation to the family, the cash value of rest, labor saving devices, the economic value of the farm woman, the country church and the country school; together with demonstrations in cooking, home hygiene, emergency nursing, and the care of infants and young children. Men and women of international reputation are on the program, which has been prepared by Mrs. Burns, secretary of the new organization, assisted by a working committee of prominent Colorado women. A special section will be devoted to the women writers on farm newspapers, whose influence is the greatest single factor in the life of the American farm-woman.

The exposition of dry farming occupies two buildings and is divided into two sections, the machinery display and the products of the soil. Both of these have been extensively subscribed to by the farmers with the result that exhibits are made from every state west of the Missouri river, from several Canadian provinces and from half a dozen foreign countries.

STEPHENSON CHARGES MAY FAIL

Three Important Witnesses Named by Senator Blaine Deny Having Aided Candidate.

Milwaukee, Oct. 17.—The charges that bribery and corruption contributed to the election of United States Senator Isaac Stephenson were denied by three important witnesses before the senatorial investigating committee. Following a statement by Senator W. B. Heyburn, chairman of the committee, that "somebody must sustain the charges or they will fail," the witnesses, each of whom had been especially named in the charges submitted to the United States senate, declared they never had aided Senator Stephenson in the manner charged.

The witnesses, C. M. Hambright of Milwaukee, U. C. Keller of Baraboo, Wis., and E. M. Hyzer, general counsel of the Chicago & Northwestern railroad—had been named by J. J. Blaine, state senator, who started the investigation, as corruptly and unlawfully working for Senator Stephenson.

MOUNTAIN PARK STILL FIGHTS

County Seat of County Which Has Ceased to Exist, Refuses to Give Up Records.

Oklahoma City, Ok., Oct. 17.—Although the supreme court and federal court have decided that Swanson county is no longer in existence and William Brashears, who was sheriff of the new county in its brief existence has surrendered, a mass meeting was held at Mountain Park and the people of that town decided to resist and not give up the county records.

Brashears and three of his deputies are charged with the murder of Wyatt Staples, a farmhand, last fall, while the Swanson county war was going on. Brashears has heretofore resisted all efforts to arrest him and has been protected by the residents of Mountain Park, which was the county seat of Swanson county. Although he quit the fight, Mountain Park is still resisting and it may be necessary to send the millitia there.

Life Terms for Lynchers.

Valentine, Neb., Oct. 17.—The four men, accused of lynching Charles P. Sellers, June 18, on a ranch near here, were sentenced to life imprisonment by Judge Westover. The prisoners, Harry Heath, Kenneth Murphy, Alma Weed and George Weed pleaded guilty to murder in the second degree. The judge ordered that Eunice Murphy, charged with being an accessory before the fact, be released from custody.

County Attorney Resigns.

Topeka, Oct. 17.—John Dawson, attorney general, has sent to E. E. Sapp, judge of the district court in Cherokee county, the resignation of A. L. Majors, county attorney of that county. Majors is the defendant in an ouster suit brought by the attorney general in the supreme court on the charge that Majors was derelict in enforcing the prohibitory law. The resignation becomes effective at once.

Four Aids for Capitol.

Jefferson City, Oct. 17.—J. W. McKarney, Kansas City; J. T. Woodruff, Springfield; M. F. Martin of Hannibal and C. D. Bradley, St. Louis, have been selected as experts to assist the capitol commissioners in ascertaining the value of one block and a half adjacent to the present capitol grounds. None of them have any interest in Jefferson City real estate.

Wichita Boy Dies of Burns.

Wichita, Kan., Oct. 17.—When nine-year-old Johnny Brown's mother stepped into his room to extinguish the coal oil lamp on a chair beside his bed, her footsteps awakened the child and he knocked over the lamp. The boy was burned so severely that he died. Both parents were painfully burned trying to save the lad.

LAXATIVE SENT FREE TO TRY

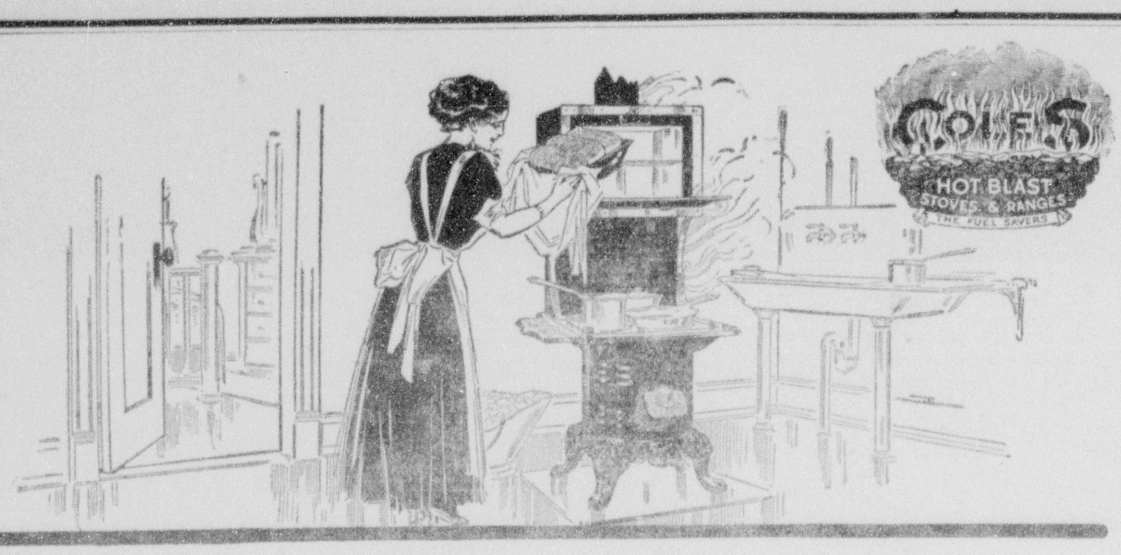
It may be taken for granted that there is no family that does not sometime need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative-tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.



No Stooping While Baking With

Cole's Sanitary High Oven

Think of the advantages this Elevated Oven affords as compared to the old-fashioned cook stove or cast iron range.

The oven is on a level with the shoulders—so you have no lifting, no stooping, no steam or odors to inhale when baking in Cole's High Oven Range. You can operate the oven in a comfortable, erect position.

The natural course of heat is to rise. We have taken advantage of this and have placed the oven high instead of down low.

The heat rises around all four sides of the oven evenly. All sides are heated alike. Your baking will not be over-baked on one side and half-baked on the other. The temperature of the oven can be changed in less than a minute, yet you can keep it the same for over two hours on one charge of fuel—so perfect is the fuel combustion.

Every atom of heat is utilized, due to our patented Hot Blast Combustion (which burns the wasting gases) and to the patented air-tight construction, giving a great saving in fuel.

Cole's High Oven Range

equals the work of ranges which cost twice as much. This New Improved Cooker and Baker is a money saver for you to use. It will save fuel and will lessen your work—you have only one fire to give attention, 2 drafts to regulate, no dampers—it's simply a wonder. Let us show you its many good features which were made to please particular housewives.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are 50, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

If your hair is losing color or coming out, start using Wyeth's Sage and Sulphur today, and see what a change it will make in a few days' time.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Mrs. Robert Corken and children of Burlington Junction were guests of Mrs. Corken's parents, Mr. and Mrs. George Null, for the children's carnival.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby of Marengo, Wis. (R. No. 1), prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price, 50c and $1.00. Trial bottle free. Guaranteed by the Orear-Henry Drug Co.

Mr. and Mrs. Claude Roelofson and their little adopted son were week-end guests of friends and relatives in Maryville.

Gives Aid to Strikers.

Left $100,000 to Church.

In the will of Mrs. Mary Atkins, which was filed in Kansas City Monday, she leaves $100,000 bequest to the Linwood Boulevard Christian church of Kansas City, of which Rev. Burris A. Jenkins is the pastor. Rev. Jenkins is well known in Maryville, as his father, Andrew T. Jenkins, formerly resided here. Beside this large bequest, $300,000 was given to the art museum at Kansas City. Mr. Jenkins is an uncle of George B. Baker of this city.

In speaking of the bequest of $300,000 that was left to the art museum of Kansas City, the Times of that city had the following about F. J. Zimmerer, formerly of the Normal:

Perhaps the most delighted and surprised man in the city over the terms of Mrs. Atkins' will is Frank J. Zimmerer, the new director of the art institute.

"There is no limit to the contribution such a museum can make to the life of Kansas City," he said. "It is difficult to conceive how Mrs. Atkins could have planned a bequest that would give so much pleasure and instruction to the whole city. We have needed just this impetus. We have an enthusiastic school here and more than half of our enrollment comes from out of the city. Kansas City will become an art center. Our city now has enough wealth with its resultant leisure, to turn its attention to art and music and we cannot build a truly great city without them."
